Hello

As an experienced Art Director & Senior Graphic Designer, I have managed creative ideas to maximize brand awareness and sales through cutting edge design, team building and productivity.

I possess a keen eye for detail, strong effective design abilities, and hands-on experience in multiple facets of design and team leadership, including websites, brochures, corporate branding, and multimedia. I am focused on generating innovative design solutions that meet objectives and exceed expectations. I can utilize design as a strong communication medium while still making the end product visually appealing.

My experience and accountability allow me to gather information to effectively lead and develop creative strategies and work flows from concept to completion on time and on budget.

You can review my on line portfolio and social links to learn a little more about me:

Online Portfolio: <http://www.graliem.com>

LinkedIn: <http://linkedin.com/in/jmcmack/>

I welcome the opportunity to further discuss the mutual benefits of working together, as well as the creative talents I can deliver.

If you have any question for me, I am available at your earliest convenience at (847) 219-7573 or email at jmc3367@gmail.com.

Thank you in advance for your time and consideration.

John McCormack
